

## **VISITOR NOTIFICATION**

As a result of the COVID-19 pandemic, Sarasin & Partners LLP have introduced a number of safety measures for employees and visitors to their offices. There is a risk of the transmission of COVID-19 in any environment where people come together and this risk increases in enclosed spaces and with increased numbers of people.

To minimise the risk to our visitors and staff, we ask all our guests to confirm the following:

- They have not had any COVID-19 symptoms (for example fever, shortness of breath, loss of sense of taste or smell, dry cough, runny nose or sore throat) in the last 14 days,
- They have not knowingly been in contact with anyone who has had such symptoms in the last 14 days;
- They have taken a lateral flow test up to 48 hours before their visit to Sarasin offices which has shown a negative result.

If visitors are unable to make such confirmation the day prior to their visit, they will regrettably be unable to attend our office.

Any attendance at the offices is solely at the visitor's own risk. Upon entering Juxon House and the offices of Sarasin, visitors understand that they assume all risk associated with COVID-19 and will not hold Sarasin & Partners LLP liable for any COVID-19 related issues that may occur as a result of such visit to the offices.
