

Please complete all sections of this form ensuring that each answer is no more than 150 words.

In your application you told us what you expected the three key achievements of your grant to be. The progress towards those results should form the basis for your annual report to us and should link back to Triangle Trust's overall strategy goal and strategy outcomes. These are shown below.

Feel free to add evidence to demonstrate how the delivery of our grant has progressed e.g. statistics, opinions of beneficiaries, case studies, independent feedback, press coverage or reviews. Include whatever evidence you have that you feel may help tell the story of the year. If target numbers were included in your expected key achievements, please add number achieved in the last year.

We understand that goals change and need to be refined and you may find better ways to secure positive outcomes. As well as the expected results we are also interested in hearing about the unexpected outcomes and finding out about why things may not have worked as well as you planned.
